June 2, 2019 THANKS TO GOD

Hello God. I called tonight To talk a little while I need a friend who'll listen To my anxiety and trial. You see, I can't quite make it Through a day just on my own... I need your love to guide me, So I'll never feel alone. I want to ask you please to keep My family safe and sound. Come an fill their lives with confidence For whatever fate they're bound. Give me faith, dear God, to face Each hour throughout the day, And not to worry over things I can't change in any way. I think you God for being home And listening to my call, For giving me such good advice When I stumble and fall. Your number, God, is the only one That answers every time. I never get a busy signal, Never had to pay a dime. So think you, God, for listening To my troubles and my sorrow Goodnight, God, I love You too, And I'll call again tomorrow!

Understanding Developmental Assets

The eight asset categories Search Institute has found crucial in helping young people grow up healthy include:

- Support: Young people need to be surrounded by people who love, care for, appreciate, and accept them.
- Empowerment: Young people need to feel valued and valuable. This happens when youth feel safe and respected.
- Boundaries and Expectations: Young people need clear rules, consistent consequences for breaking rules, and encouragement to do their best.
- Constructive Use of Time: Young people need opportunities—outside of school—to learn and develop new skills and interests with other youth and adults.
- Commitment to Learning: Young people need a sense of the lasting importance of learning and a belief in their own abilities.
- Positive Values: Young people need to develop strong guiding values to help them make healthy life choices.
- Social Competencies: Young people need the skills to interact effectively with others, to make difficult decisions, and to cope with new situations.
- Positive Identity: Young people need to believe in their own self-worth and to feel they have control over the things that happen to them.
